HELP REBUILD
4-H CAMP SHANKITUNK

Donations Welcome!

Costs are already into the thousands and thousands of dollars. The Ropes Course alone is $10,000.
THANKS TO EVERYONE!

If we missed your name on our list, we are sorry. The response of the community in the wake of this disaster was tremendous. You need to know that no matter how small or large your contribution was to the clean-up of 4-H Camp Shankitunk, your efforts are very much appreciated and we ‘thank you’. Without you, Camp would not have been able to reopen on Sunday, July 28th.

4-H CAMP SHANKITUNK

1

Great Job!
The quick thinking of these individuals to get everyone into Rice Hall was a very smart decision.
The Aftermath of the Storm that hit on July 21, 2003 at 7:14 pm.

Due to the quick thinking of the staff at 4-H Camp Sheridale a disaster was avoided. When the storm warnings came across the Internet, the staff went into action and had all the campers gather inside hall. Minutes later the storm hit and left destruction like no other storm in camp history. 3 cabins were completely destroyed and 4 cabins had considerable damage. The lower course was washed with only one element left standing. Rice Hall was slightly damaged. The new Nutrition Center and Science Center escaped with only minor damage.

By Tuesday morning volunteers started showing up to assist in cleaning up and helping campers get back to normal. Thousands of people have been donated to cleaning and re-building the camp. The goal was to get 4-H Camp Sheridale up and running by Friday, July 25th for week 5 campers. The job was done!

Even though there are many changes, the spirit of Sheridale will remain!!

Cabin 12 was also destroyed when this tree toppled down.

Cabin 14 which was completely crushed.

Even though there are many changes, the spirit of Sheridale will remain!!

Cabin 3 quickly got the roof back together.

Cabin at Rice Hall which escaped with only minor damage.

Cabin B got a new roof thanks to the volunteers.

Volunteers from Pebble Creek start rebuilding Cabin B.

Even though there are many changes, the spirit of Sheridale will remain!!

Cabin 11 is now the home of the safety course. The stop sign did not deter the storm.

Cabin 3 got a new roof.

The Clean-up of the Storm & The Rebuilding Begins

Cabin 12 was also destroyed when this tree toppled down.

Cabin 14 which was completely crushed.

The Aftermath of the Storm that hit on July 21, 2003 at 7:14 pm.

Due to the quick thinking of the staff at 4-H Camp Shankituck a disaster was averted. When the storm warnings came across the Internet, the staff went into action and had all the campers gather inside the Hall. Minutes later the storm hit and left destruction like no other storm in camp history. 3 cabins were completely destroyed and 4 cabins had considerable damage. The stop sign was wiped out, with only one pole left standing. Rice Hall was slightly damaged. The new Health Center and Science Center escaped with only minor damage.

By Tuesday morning volunteers started showing up to assist in cleanup and help campers pack to collect belongings and start anew. Thousands of new items have been donated to cleaning and re-building the camp. The goal was to get 4-H Camp Shankituck up and running by Friday, July 25th for Week 5 campers. The job was done!!

Even though there are many changes, the spirit of Shankituck will remain!!

The Clean-up of the Storm & The Rebuilding Begins

Volunteers from French Creek start rebuilding Cabin 8.

Cabin 7 gets a new roof thanks to the volunteers.

Guy & Dennis Adams, just a few of the hundreds of volunteers who showed up to help in any way they could.

Cabin 5 quickly on the mend thanks to Network Construction. Below, a view of the destruction from Cabin 8.

Cabin 5 is finally getting the slope removed. Note the 3 beautiful trees in front of Rice Hall are gone.
